1. COMMISSION BY SERVICE

What you earn on each service

Every partner starts on the Partner rate. Refer more paying clients in a rolling 12 months and your rate goes up on every service.

Service	Partner (start)	Pro (3+ clients/yr)	Elite (10+ clients/yr)
Cloud Consulting & Migration	10% of the project	13% of the project	15% of the project
Managed Hosting	30% monthly for 12 months	33% monthly for 12 months	35% monthly for 12 months
Web Development	12% of the project	15% of the project	17% of the project
Mobile App Development	10% of the project	13% of the project	15% of the project
Branding & Design	15% of the project	18% of the project	20% of the project
Digital Marketing	10% monthly for 6 months	13% monthly for 6 months	15% monthly for 6 months

Example earnings at the Partner rate

Based on our published starting prices. Larger projects pay more, because commission is a share of what the client actually pays.

Package	Client pays	You earn	Paid
Cloud: Cloud Readiness Assessment	$2,000	$200.00	one-time
Cloud: Cloud Migration	$5,500 (from)	$550.00	one-time

2. PARTNER LEVELS

Levels and perks

Level	Requirement	Rate	Perks
Partner	Everyone starts here	Base rate	Full commission on every service; Personal referral links and dashboard; Monthly payouts
Pro	3+ paying clients in the last 12 months	+3% on every service	+3% on every service; Co-branded proposals for your clients; Priority quotes within 1 business day
Elite	10+ paying clients in the last 12 months	+5% on every service	+5% on every service; Dedicated partner manager; Payouts twice a month

Your level is checked every time a referred client pays. Each new client is paid at the level you had reached before that client, and higher levels apply to all services from then on. If your paying clients over the last 12 months fall below a level's requirement, new referrals are paid at the level you then qualify for.

3. TRACKING

How referrals are tracked

- Share any page of www.egowebservices.com with your code added, for example www.egowebservices.com/hosting?ref=yourcode. Your dashboard builds these links for you.
- The link is remembered on the visitor's device for 90 days. If they send an enquiry, request a free offer or place an order within that time, the client is linked to you.
- If a client used more than one partner's link, the first partner gets the referral.
- You can also introduce a client by email: copy affiliates@egowebservices.com and mention your code. We'll link the client to you by hand.
- A referral must be a new client of EGO Web Services. Existing clients, and people already talking to us before your referral, don't qualify.

4. EARNING AND APPROVAL

When commission is earned

- Project services (cloud consulting, web, apps, branding) earn a percentage of the client's first project. For custom quotes, it is the first signed project or first invoice.
- Recurring services (managed hosting, digital marketing) earn a percentage of each monthly payment for the months shown in the table, while the client keeps paying.
- Commission is calculated on the amount the client actually pays us, excluding taxes, payment fees and third-party costs passed through to the client, such as ad spend, cloud provider usage bills, domains and licences.
- Commission becomes Approved once the client has paid and the 30-day refund window has passed. If a payment is refunded or charged back, the related commission is cancelled or deducted from future payouts.
- Commission is capped at $5,000 per referred client. Larger enterprise deals can be agreed separately in writing.

5. PAYOUTS

How you get paid

- Approved commission is paid in the first week of each month once your approved balance reaches $50. Smaller balances roll over to the next month.
- Payouts are made in US dollars by bank transfer, Wise or Stripe. Tell us your preferred method by replying to your welcome email.
- You are responsible for any taxes on your commission in your country. We may ask for basic tax or identity details before the first payout.
- Elite partners can ask for payouts twice a month.

6. PROMOTION RULES

How you may promote us

- No self-referrals, spam, fake reviews or misleading claims about our services.
- Don't bid on "EGO Web Services" or our brand name in search ads.
- Make it clear that you may earn a commission when you recommend us (for example "I may earn a referral fee").
- Use only our official banners, videos, logos and descriptions, without changing them, and don't present yourself as EGO Web Services or as our employee.
- Don't promise prices, discounts, delivery dates or results on our behalf. We quote every project ourselves.
- No unsolicited bulk email or messages, no cookie stuffing, no forced clicks and no buying traffic that hides where it came from.

7. GENERAL TERMS

The legal bits, in plain English

- You join as an independent partner. The program doesn't create employment, a partnership or a joint venture, and you can't sign agreements for us.
- We may change commission rates or these terms with 30 days' notice by email. Changes never reduce commission already earned.
- Either side can leave the program at any time. Approved commission is still paid, unless the account is closed for breaking these rules or for fraud, in which case unpaid commission is forfeited.
- We decide whether a client qualifies as your referral using our tracking and records. If two partners claim the same client, the first tracked referral counts.
- Keep any non-public information about our clients, prices or plans confidential.
- By applying to the program you accept these terms.
